Langsung saja, untuk memasang Microsoft Visual Studio Code di komputer Windows 10 berikut ini langkah-langkahnya.

1. Kunjungi situs web Visual Studio Code

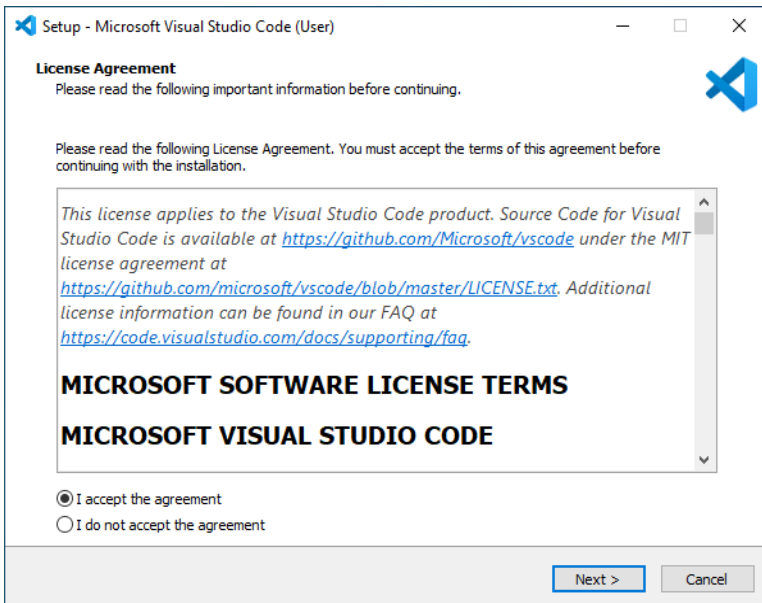

2. Klik link download Visual Studio Code.

3. Buka folder downloads.

4. Double klik hasil download.

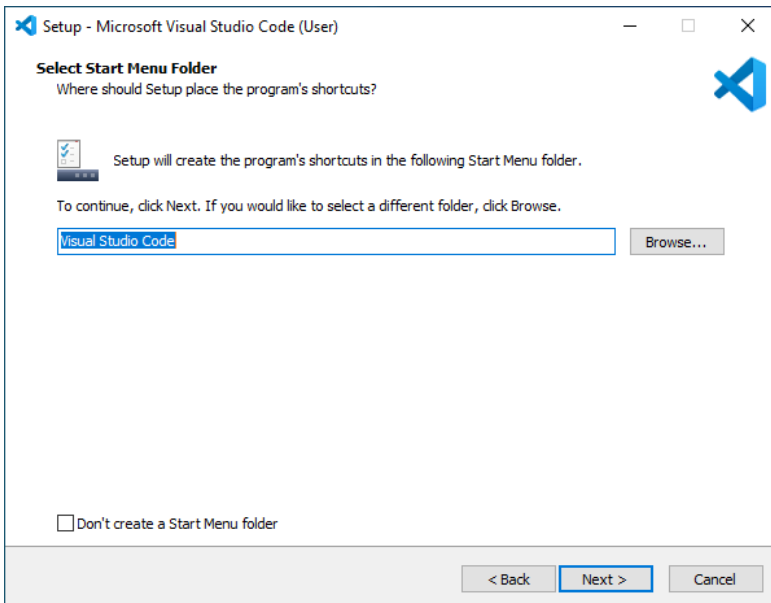

5. Klik "I accept the agreement" dan klik Next.

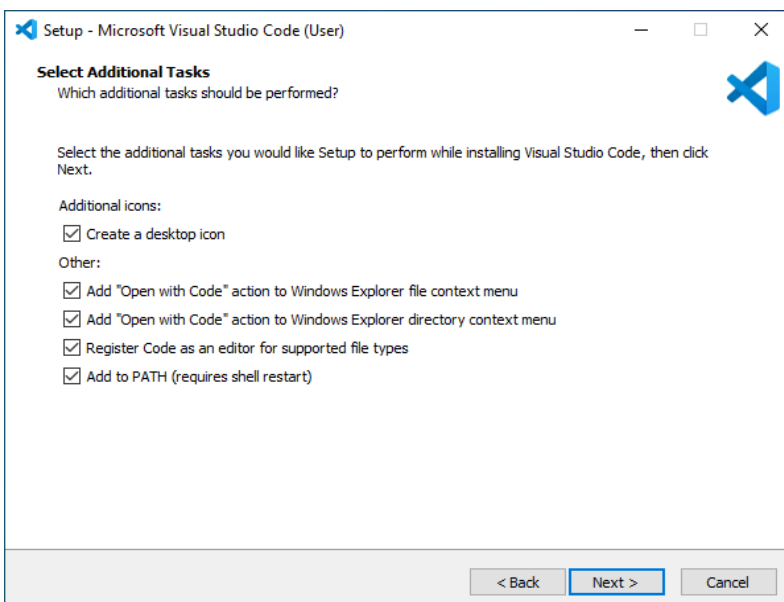

6. Klik Next

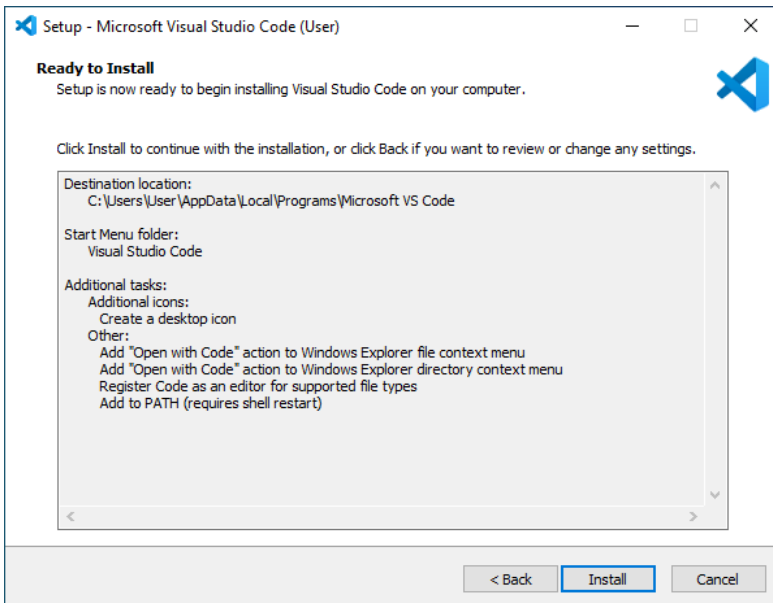

7. Klik Next

8. Ceklis semua dan klik Next

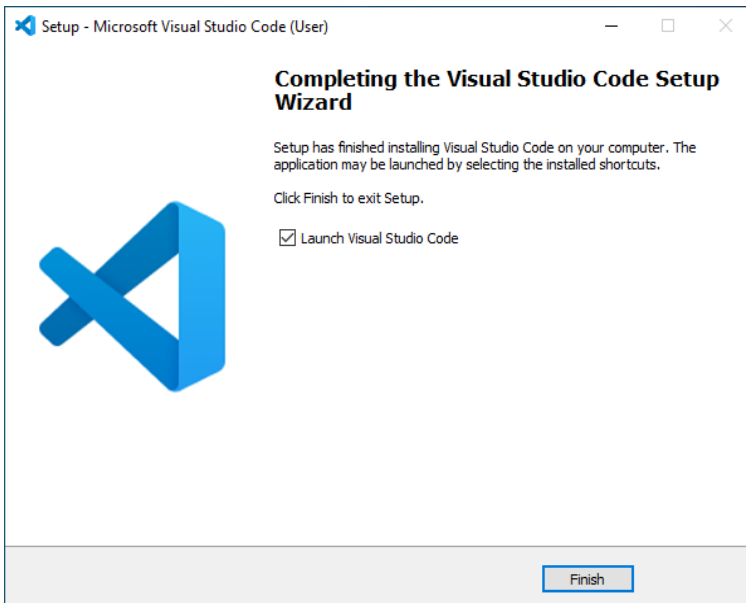

9. Klik Install

10. Proses instalasi sedang berjalan

11. Klik Finish

Setelah 11 langkah-langkah diatas maka Visual Studio Code telah terinstall di laptop/PC anda. Jangan lupa untuk selalu update dan terima pembaruan-pembaruan yang diberikan oleh Visual Studio Code secara berkala. Selamat Ngoding !
